Netaji Nagar Day College

Aurobinda Language Lab

A Language Lab or Laboratory is a dedicated space for foreign language learning where students access audio or audio-visual materials. They allow a teacher to listen to and manage student audio, which is delivered to individual students through headsets or in isolated sound booths. These labs provide a very different experience from the traditional system of teaching and learning languages, offering more advanced features and functionalities.

Language lab was established in the Department of English in the year 2021. It was established for the students of the department of English from the 3rd Semester to the final year of B. A. The college administration and the principal supported for the establishment of the language lab. Principal Dr. Sonali Banerjee Jash supported for the establishment of the lab.

Object of the Language Lab:

The object behind the establishment of the language lab was to facilitate language skills for the students of English Department. The language lab is helpful to the students of the English department for the development of communication skills and written English.

Function of Language Lab:

Language lab runs with the regular schedule in college hours. Timetable of the Language Lab is displayed on the notice board of the department. The faculty of the department is allotted the responsibility for the engagement of the lab. Student's attendance is taken of every session.

Language Lab structure:

Eight computers are available for the students and one computer is available for the teacher as the master computer. In addition to that the department has one Smart Board with Projector. It is helpful for the students of the department for the improvement of English Language.

Language Lab Software:

The soft ware of the Language Lab is – Words Worth - English Language System

Basically Students were to be trained on developing their listening and speaking skills with special sessions that focused on pronunciation and communication competence. Now as we are teaching is adopted in the language lab with the teacher explaining the language concepts, guiding the students through the different modules and then the students proceeding to practice them individually at their own computer systems in the lab. Thus the students learn more comprehensively through the use of the English language lab.

Number of Students Attended the Course: 31

ONLINE EDUCATION SYSTEM

During the pandemic of COVID-19, we were introduced to a new system of online education. This mode of education serves to be tremendously bad for the students who deserves a lot. This system has a lot of disadvantages. Firstly, several students lose their habit of reading books. On the other hand, while teaching lessons, we had a lot of trouble in listening to the important lectures. Many students who
